5. Asking Your Child's Teacher the Right Questions

To ensure your child's well-rounded learning, parents need to go beyond enquiring about his/her academic progress. Below are some questions that we would encourage you to ask your child's teachers:

1. **Is my child nice to the people around him?** Does he/she help others?
2. **Does my child interact well with his friends?** Is he/she a good team player?
3. **What are my child's strengths?** Beyond academics, what are other areas that he/she excels in?
4. **How can I grow my child's interest in a subject?** Do you know some things that he/she loves to help me get him interested?
5. **How can we work together to help my child?** What can I do to help and support him/her at home?
