2. Total Defence Day

Each year, Total Defence Day falls on 15 February and marks Singapore's fall to the Japanese during World War 2. At Changkat Primary, we will be commemorating this important day on **Monday, 12 February**. This annual event serves as an important reminder to us that everyone has to step up and play a part to keep Singapore safe, secure and strong.

The theme for this year's Total Defence Day is "**Together We Keep Singapore Strong**". Because of the efforts of all of us, Singapore has remained safe and peaceful over the past 52 years. This is essentially Total Defence. It is important to encourage our students to put Total Defence into action in their daily lives in school and at home by reaching out to one another, forging new relationships and strengthening existing ones to keep Singapore strong and resilient.

In line with Total Defence Day, classroom lessons will be conducted and recess activities have been lined up for students in Week 7 on 13 and 14 February. We hope that these lessons and activities will enhance our students' understanding of Total Defence and provide them with a meaningful experience.

3. Managing Misbehaviours – A Restorative Approach

In Changkat Primary, we expect our students to engage in behaviours that will enable them to learn and cultivate good habits. We believe in establishing close partnerships with parents so that there is a common language, consistency and support in the way we engage, teach and develop our students. In school, we advocate and promote positive student behaviours in support of learning and growth, by helping students manage their emotions and behaviours. As we work towards building an optimal learning environment, school and class rules are essential structures for our students who are made aware of the consequences if they were to break the rules. When students misbehave, they will be brought through a restorative process to reflect on their actions through the following set of questions:

- What happened?
- What were you thinking of at the time?
- What have you thought about since?
- Who has been affected by what you have done?
- In what way have they been affected?
- What you think you need to do to make things right?

We would like to strongly encourage parents to use these questions when managing misbehaviours or helping your child/ward resolve conflicts at home.

4. Unstructured Play for Lower Primary (Wednesdays to Fridays)

P1 and P2 students who are taking the school bus or waiting for their siblings to be dismissed at 2pm are engaged in Unstructured Play from 1.30pm to 2pm. The students are provided with books, puzzles and quizzes during this period at the School Canteen. Resources and materials will be rotated/refreshed regularly to ensure that the students are gainfully occupied.

5. Trips for Internationalization Experience (TIE) for P5 Students

The school organizes several overseas trips for P5 students throughout the year. Identification of students for the trips will be via teacher nomination, rather than student application. Further details about TIE can be found in [Annex A](#) below.

Class Monitors	Advocate discipline, general safety and a bully-free environment, and provide peer support to help identify students in need.
VIA Leaders	Advocate environmental awareness and social enterprise.
Reading Ambassadors	Advocate a strong reading culture.
PE Leaders	Advocate healthy lifestyle, active living and safety at play.

Through peer mentorship and coaching by teachers, we seek to help our student leaders realize their full leadership potential.
