9. School Policy for Summative Assessment and Examination

- No exam will be held one day after school holiday and public holiday. This is with the exception of the conduct of Oral Examinations.
- Students who are absent for any of the papers must present a medical certificate which states “unfit for school” in order to have “VR” (Valid Reason) reflected in the results slip. Students who are absent for any paper without valid reasons will be given “ZERO” for the paper.
- For a student who appears unwell on the day of exam, School Exam Committee personnel will use their professional judgement to determine the student’s suitability to sit for the paper.
- Students must minimally sit for the following papers in order to have marks pro-rated for the subject:

EL	Compo (Paper 1)	Written Paper (Paper 2)	Oral	LC
P2-P4	√	√		
EL/MTL	Compo/Situational Writing (Paper 1)	Written Paper (Paper 2)	Oral	LC
P5-P6	√	√		
MTL	Compo & Written Paper (Paper 1/ 2)	Oral	LC	
P2	√			
MTL	Compo & Written Paper (Paper 1)	Written Paper (Paper 2)	Oral	LC
P3-P6	√	√		
MA	Written Papers	Practical Test		
P2-P6	√			
SC	Written Papers	Practical Test		
P3-P6	√			

Make-Up for Missed Papers

P1-P2

With the exception of EL & MTL Oral and Listening Comprehension, and Math Practical, make-up will be allowed for the remaining components of EL, MTL and Math within **2** working days from the test date. **Papers will be administered to the absentees as and when they return to school during curricular hours.** No further make-up will be provided should students miss the make-up test date.

P3-P5

Make-up will be administered for Papers 1 and 2 of EL and MTL and written papers for Math and Science within **2** working days from the test date. No further make-up will be provided should students miss the make-up test date.

P6

Make-up will be administered for all papers within **2** working days from the test date.

Mark Computations for Subjects with Missed Out Components

Students must have sat for the papers as stipulated in the table above to have marks assigned for the subject. In this case, as students have not sat for all papers, subject marks will be pro-rated. Otherwise, "VR" will be reflected under the subject score if a valid medical certificate is produced. [Note: If student is absent for Listening Comprehension or Practical Tests with valid reasons, VR will be keyed in for these components and marks will be calculated accordingly.]

A Worked Example of Subject Marks Calculation

Consider the example of P5 English Language with the following components and component marks:

Component (Base Mark)	LC (20 marks)	Oral (30 marks)	Paper 1 (55 marks)	Paper 2 (95 marks)	Total (200 marks)
Candidate A (Sat for all papers)	20	25	50	90	$(20+25+50+90)/200 \times 100\%$ = <u>92.5%</u>
Candidate B (Did not sit for Listening Comprehension with valid reason)	VR (valid medical certificate)	25	50	90	$(25+50+90) / 180 \times 100\%$ = <u>91.6%</u>
Candidate C (Did not sit for listening comprehension; no valid reason; considered as absent without valid reason)	0 (Absent)	25	50	90	$(25+50+90) / 200 \times 100\%$ = <u>82.5%</u>
Candidate D (Did not sit for paper 2 with valid reason)	20	25	45	VR	VR

Cheating

Cheating is a serious offence. Students caught cheating during the exams will be dealt with severely. "ZERO" would be given for the test component for which cheating was committed.
