SYF Arts Presentation (AP) 2018

The SYF Arts Presentation (AP) is a benchmarking platform that offers opportunities for continuous learning and improvement through feedback from industry professionals. It is a biannual event organised by the Ministry of Education to celebrate youth vitality through the showcasing of diverse artistic talents and creativity. It encourages mass participation in arts co-curricular activities (CCAs) in schools where students enjoy the arts as CCA members. It also serves as a platform for the development of character, 21st century competencies and social emotional learning through the arts. Our Choir Ensemble, Dance Club and Guitar Club had participated in the recent SYF Arts Presentation. Through months of intense training, the members learnt the importance of teamwork and trust among one another. We are very proud to announce that they have achieved the following.

Choir Ensemble
 [Certificate of
 Accomplishment]

Dance Club
[Certificate of Distinction]

Guitar Club
[Certificate of Commendation]

Thank you teachers and pupils for your unyielding commitment and perseverance, and parents for your wonderful, unwavering support and encouragement!

The Child-Teacher-Parent conference will be held on Fri, 25 May 2018, from 7.45am to 3.30pm (tea-break for teachers will be from 9.30am to 10.00am & lunch break for teachers will be from 12.00pm to 12.45pm), and Sat, 26 May 2018, from 8.00am to 12.00pm (tea-break for teachers will be 9.30am to 10.00am).

The 2-day event aims to provide Parents/Guardians with feedback on your child/ward's progress in learning and development through the course of Semester 1 so that Home and School can continue to work together to further support your child/ward in his/ her learning. We also hope the session will serve as a catalyst for more or deeper conversations between parent/guardian and child/ward. For this 3-way conversation to be meaningful and fruitful, your child/ward's attendance at the session is required.

Beginning this year, each class has been assigned 2 form teachers. Mother Tongue Language (MTL) Teachers, PE teachers, Art and Music Teachers have also been deployed as form teachers. Each CTP session will be helmed by both form teachers. As such, there will not be a separate slot for Parents/Guardians to meet up with MTL teachers except for Hindi Language Teachers. Relevant information regarding the child's learning in EL, MTL, Math and Science will be shared by the form teachers.

Kindly access the MC Online portal to book the following sessions with your child/ward's Form teachers & NTIL Hindi teacher (if applicable).

4. How to Support your Child through Exam Stress

The best way to support your child through the stress of revision and examinations is to make home life as calm and as pleasant as possible. The stress level for both parents and child usually escalates during the exam months. It is important for the parents to control their own stress levels in order to help the child cope with their exam stress. Don't let your stress become their stress. This ensures that your child has a peace of mind when he or she sits for the exam in school.

Stress isn't necessarily a bad thing. A moderate amount of stress is good for the child as it helps them stay focused; they learn to take studies seriously and therefore the probability of attaining good grade also increases considerably. However, too much stress can be a cause of concern as it affects the well-being of your child

Here are some things parents should take note of while supporting their child thorough the exam period. These tips were sourced from <http://thenewageparents.com>.

Before the Exams:

- Find a quiet space for him/her to study without distractions. Do not place his/her study area near a TV or dining table. Make sure it is cleared of distractions. Make the study place clean and tidy.
- Help him/her to create an exam time table.
- Make sure that his/her expectations aren't unrealistic and that he/she isn't putting excessive and unnecessary pressure on himself/herself. Also, make sure that the weight of your expectations isn't what's causing him/her excessive stress.
- Help him/her to find balance. While studying is important, it's also important that he/she takes regular breaks, engages in some physical activity and eats regular and nutritious meals. Taking care of his/her health can be the most important thing you can do to help your child during exam periods. Encourage him/her to have breaks from study. The recommended time is to have 5 minutes break after every 30 minutes of studies.
- Remind your child that you are always there to help. Encourage him/her to ask for help whenever he/she needs it.
- Develop some revision techniques with him/her. If he/she has problems memorizing, you can teach him/her how to create his/her own notes that is easier to memorize.

On the Day of Exams:

- Make sure he/she has everything he/she needs for writing and provide spares.
- Prepare a good breakfast. Taking exams requires a lot of energy to think. Hence, it is essential your child takes breakfast before his/her exams.

After the Exams:

- What is done is done. If your child feels that he/she did not do well, don't let him/her torment himself/herself by thinking of everything he/she did wrong or inadequately.

- If your child is unable to do well, or is not working as well as he/she can, remind yourself that there are other ways to do well in life. Failing to do well in exams does not necessarily mean that he/she will fail in life.
- Most important of all, empower him/her and encourage him/her for his/her next paper!

5. Road Safety Outside Our School Compound

The safety of our students is of utmost importance and will always be our top priority in all that we do. The school has been working with LTA to tighten the safety measures around/outside the precinct of the school. We would like to update you on some the safety measures put in place:

- Installation of the flashing 40 KPH sign within the school zone. The orange light will flash during our dismissal times and peak hours in the morning to warn drivers to slow down. The sign has started operating in early April 2018.
- The school has been engaging LTA on the possibility of extending the painting of the red colour school zone road patch to the T junction of Simei St 1 and Simei St 3. LTA has responded that the 'SLOW' road marking at Simei Street 3 near the junction of Simei Street 3 / Simei Street 1, together with the School Zone sign and red colour road patch, are sufficient to forewarn motorists of their overall travelling speed when plying through the school zone.
- Additionally, LTA has also implemented the bigger aspect traffic light at the pedestrian crossing near the school frontage to better inform motorists on the existing traffic light signal.

We will continue to work closely with LTA to improve existing measures to ensure safety on the roads for our students.

Thank you for your support.

With warm regards,

Cheng Huey Teng (Mrs)
Principal
