3. P5 VIA Upcycling Collection Drive

As part of our Values in Action (VIA) Programme, the Primary 5 students will learn how to make handicrafts out of recyclable materials. These upcycled handicrafts made during the workshop will then be sold during the Social Enterprise Day in school. Proceeds from the sale will be donated to a charitable organization at the end of the year.

Boxes will be placed outside the Dental Clinic to collect these materials. We would like to appeal to everyone to donate the materials mentioned in the attached poster to do your part in conserving our environment. For hygiene purposes, please wash and dry all materials before donating them.

With warm regards,

Cheng Huey Teng (Mrs)
Principal
